The music in this project is a collection of compositions dating back to the early days of Wrinklemuzik [1980's] to the present.

Some were composed for films, others for a CD that was completed but never released [the record company went out of business days before the recording was finished] & others were performed live for many years.

Produced, recorded & performed by kenn lowy unless otherwise noted.

* Produced and recorded by Eric Liljestrand, programming by Eric Liljestrand and Paul E. Mitchell. Keyboards and guitars, kenn lowy & Eric Liljestrand, Drums Chris Cullo.
